

EXCURSION

We would like to invite you to a tour into Moravian Karst. You will have an opportunity to visit Punkva Caves – limestone cave system decorated with beautiful rock formations. The tour also includes boat ride along the underground Punkva River and visit of the Macocha Abyss – the deepest gorge in Central Europe. Temperature in the caves ranges between 7 to 8 °C. Warm clothes are recommended. The tour in the caves takes approximately one hour and the length of the route is 1250 meters. The excursion is going to take place on Friday, June 30, after lunch. Expected return from the excursion to the hotel is 6:30 p.m.
